SOFTWARE DEVELOPER

I am an enthusiastic programmer with a strong grip on C++ and Data Structures. My passion for coding led me to explore frontend development, and I am currently expanding my skills to learn frameworks and backend languages. I am interested in development and open to opportunities to become a good developer.

KEY SKILLS

C++

HTML

CSS

TailwindCSS

JavaScript

ReactJs

MySQL

PHP

Data Structures & Algo

OOPs Concepts

DBMS

Operating System

EDUCATION

B-Tech in CSE

2020 - Present

Parul University, Vadodara, Gujarat

CGPA: **8.9/10**

HSC - Science

2018 - 2019

Pirojsha Godrej Junior College, Bordi, Maharashtra

Percentage: **76.31%**

SSC

2016 - 2017

Jadi Rana High School, Ghimaniya, Maharashtra

Percentage: **85.00%**

PROJECTS

AnonyNet

Dec 2022 - Present

- Developed a **VPN** for police department with an extended feature of **Email impersonation**.
- Tech involved: **OpenVPN, OpenVPN server, OpenVPN connect**, etc.

EyeAssist app

May 2023 - Jun 2023

- Developed the frontend of EyeAssist web app project which is aimed at **assisting blind students** by providing them with a reliable scribe for their examinations.
- Tech involved: **ReactJs, Tailwind CSS**.
